

The best protection from Covid-19

Getting fully vaccinated is the best way to keep yourself and others safe from Covid-19.

If you haven't had your vaccine yet, it's not too late. Each dose helps protect you and others against Covid-19. You can pop into a clinic to speak to staff, without any obligation.

It's more important than ever to get your booster jab when invited. You can book an appointment online on the NHS national booking system or via a link from your GP, and you can walk in to get the booster at some vaccine clinics.

For the latest information, head to our website at islington.gov.uk/covid-vaccinations

We Are Islington is here to help.

Contact us if you live in Islington and you need:

- support making or getting to a vaccine appointment
- access to essential supplies like food and medicine
- support to stay connected and active
- help and advice to stay safe and well
- advice and support with finances and benefits, including if you're unable to work because you're self-isolating
- support if you are struggling to pay your rent

...or just for a friendly chat. You are not alone.
